SET A SAVINGS GOAL

Have you ever wanted something really special, like a new bike, a game or a toy? Svaving for something big is easier when you have a goal!
A GOAL is something you're working toward . When you know what you're saving for, it can be easier to keep your money in your savings account instead of spending it right away.
Here are 3 steps to set a savings goal:

1. Pick something you wnat to save for. Think about something that would make you happy.
2. Save a little at a time. Every dollar helps! Birthday money, allowance, or money earned from chores can all help your savings grow.
3. Celebrate your progress! Each time you save, you're one step closer to reaching your goal.

Remember: even small savings can lead to big dreams!

ASK MAX: WHAT IF MY GOAL SEEMS REALLY BIG?

Don't worry! Big goals start with small steps. You don't have to save all your money at once. Saving a little bit each week can add up faster than you think. Just keep going and you'll get there!

ACTIVITY: FILL IN THE BLANKS

I'm saving for _____

It costs about $ _____

I already have $ _____

My next savings goal is $ _____
