

Auto Loans

REGIONAL has auto loans designed to fit your needs, with low rates and flexible terms. No matter what it is, we can help you drive it home.

New Auto

When the allure of that new-car smell is too great to ignore, REGIONAL offers 100% financing on new autos, including taxes, title and extended warranties, and terms up to 84 months.

Used Auto

If you're looking to save money on a pre-owned vehicle, REGIONAL offers 100% financing on used autos, including taxes, title and extended warranties, with terms up to 72 months available.

Recreational

REGIONAL doesn't stop at financing your transportation "needs." We also finance vehicles that fall under the "want" category—from motorcycles to boats and more, if it has an engine and moves, REGIONAL has a loan for it. REGIONAL offers 95% financing on new recreational vehicles and 90% financing on used, including taxes, title and extended warranties.

Refinancing

If you've already financed your auto with another lender, REGIONAL can still help you get the lowest rate. Talk to a loan officer about refinancing options, and let REGIONAL help you save money.

Auto Equity Loans

REGIONAL also offers Auto Equity Loans—it's like having a Personal Loan at Auto Loan rates! Talk to a loan officer for details.

First Time Buyer

If you're getting ready to buy your first vehicle, REGIONAL created the First Time Buyer program just for you! We have two different programs, for those currently attending college, tech or trade school, and for those who have graduated and are entering the work force.

Go Green Discount

When it comes to protecting the environment, every little bit helps. REGIONAL offers a discount on your new, used or refi Auto Loan rate when you purchase a fuel-efficient vehicle.* It's a win-win for you and the environment!

*30 MPG highway or better, according to www.fueleconomy.gov. Must enroll in two (2) paperless services to qualify for discount. Cannot be combined with any other offer. See a Loan Expert for full details.
